

Learning to Use the Ages and Stages Questionnaire

Assessment Tools Birth to 5

This workshop will focus on the Ages and Stages Questionnaire (ASQ-3) and the Ages and Stages Questionnaire: social Emotional (ASQ: SE 2) screening tools. These tools can be used by parents, providers, and teachers to determine if a child's development is on schedule or help to identify appropriate social emotional competencies in young children. Early diagnosis and treatment of developmental delays can help give a child the best opportunity to reach his/her full potential.
